PREPARATION

1. Preheat the oven to **180°C (350°F)**. Line a small tray (~20x20cm) with parchment paper.
2. Mash the bananas well, then whisk in the egg, peanut butter and honey until smooth.
3. Fold in the oats, cocoa powder, baking soda and salt until just combined.
4. Spread the batter evenly in the tray and bake for **18-20 min**.
5. Let cool completely in the tray before cutting into **9 squares**.

NUTRITION NOTE

Ripe banana and a touch of honey provide natural sweetness, oats replace the flour for slower-release carbs, and the peanut butter plus egg add protein and healthy fat — turning a usually empty-calorie treat into something that can reasonably fit a recovery window.
