~ estimated values per serving

PREPARATION

1. Preheat the oven to **180°C (350°F)**. Spray a small tray (~20x20cm) well with olive oil spray, corners included.
2. **In the tray**, mash the bananas well with a fork, then beat in the egg, peanut butter and honey until smooth.
3. Add the oats, cocoa powder, baking soda and salt and stir until just combined.
4. Spread the batter evenly in the tray and bake for **18-20 min**.
5. Let cool completely in the tray before cutting into **9 squares**.

NUTRITION NOTE

Ripe banana and a touch of honey provide natural sweetness, oats replace the flour for slower-release carbs, and the peanut butter plus egg add protein and healthy fat — turning a usually empty-calorie treat into something that can reasonably fit a recovery window. Contains peanuts and egg: check allergies.
