PREPARATION

1. Heat the oven to **160 °C** and line a tray with parchment paper.
2. **Mix** the oats, almonds, walnuts, pumpkin seeds and cinnamon in a large bowl.
3. **Coat**: warm the honey and oil together, pour over the dry mix and stir until everything is lightly covered.
4. Spread thinly on the tray and **bake 20–25 min**, stirring once halfway, until golden.
5. Let it **cool completely** on the tray so it turns crunchy, then stir in the raisins.
6. Store in a jar and serve in **portions of about 45 g**.

NUTRITION NOTE

Oats give slow-release carbs, and the nuts and seeds add healthy fats and some protein, so granola is energy-dense and digests more slowly. That makes portion size and timing matter more than with lighter snacks. Contains nuts: check allergies first.
